## TERMS OF SALE

1. **A 10% Buyers Premium is added to all invoices.**
2. This sale is an unrestricted Public Auction and Mail Bid Sale. All bids are to be entered by lot as numbered in this catalogue. Mail bidders should feel free to bid as much as they wish knowing that we will buy the lot, if possible, below their bid. Thousands of bidders to KATEN SALES can attest to this statement.
3. We make no other charges except the actual cost of mailing, and insurance/registration. On books we charge 50¢ with added cost when a number of books are in the same lot. We use discretion and never overcharge you. (Others charge \$1.00 per lot on books)
4. Bidders unknown to us must send a deposit of 25% of their bids. References are useful for later bidding.
5. We reserve the right to reject any bid from any bidder when we deem a bid not made in good faith. 'Penny' bids are not entered and the minimum acceptable bid is \$3.00 with increments of 50¢.
6. Auction sales are not approval sales. By submitting your bids you agree to the Terms of Sale herewith set forth. No lot may be returned without written permission and request must be made within five days after receipt of material. No lots may be returned by floor bidders.
7. All books are as described. The actual title in a foreign language is given — the cataloguer may interpret the title which would be in parenthesis. All books are in fine condition unless otherwise mentioned; are hard bound unless pb (pamphlet binding) is mentioned; or CaC (card binding) or pc (paper covers) is mentioned.
8. We acknowledge the possibility of errors or typographical mistakes, and any errors or mistakes on our part will be corrected. Please be careful in placing your bids, as we cannot be responsible for your errors. We instituted the duplicate bid sheet 40 years ago for your protection.
9. Auction Sales for U. S. Cash Funds. Payments must be made immediately upon receipt of material or upon notification. We reserve the right to demand payment before delivery.
10. Lots delivered in the State of Maryland are subject to a 5% Sales Tax and will be added to the invoice.

## NUMISMATICA MEMORABILIA

This is Page 39 from Sale #33 of W. Elliott Woodward held December 8, 1880. Mr. Woodward normally a mild mannered druggist from Boston became irate at the trafficking in patterns by the favored few individuals. Incidentally this catalogue is in this sale as Lot 439.

### HALF DIMES.

39

- 918 1797 Sixteen stars; barely circulated, very *rare*.  
919 1800 Light impression, but very little circulated, *rare*.  
920 1801 Not fine, but very good for date, *rare*.  
921 1802 Barely circulated, having only the slightest marks of friction, polished surface; believed to be as fine a half dime of the date as exists.

The piece is undoubtedly the rarest of the American silver series—not only that, but it must remain so, as the dies are no longer in existence. Judging from my own experience, I believe that the purchaser of an 1804 dollar, or any one of many of the rarest of American coins, has no guarantee that the son of some future director or chief coiner of the Mint will not, at an unexpected moment, place a quantity on the market. "What man has done man may do"; and the ways of the Mint of the United States are past finding out, though transactions, such as restriking 1804 dollars, 1827 quarter dollars, and rare half cents, and speculations in rare experimental coins designed, engraved, and struck at the expense of the government, have become too frequent not to be well understood. What the lords of the treasury will do next is "what no feller can find out." We will wait and see.

In these days of investigation, an inquiry into the past operations of the Mint at Philadelphia, or rather into the past conduct of some of its officials, would, if properly conducted, be fruitful in results; and if properly reported, would furnish what Horace Greeley used to call "mighty interesting reading."

As Government is fond of illustrating its reports, as a frontispiece, is suggested a view of a son of a late official of the Mint, as he appeared at the store of the writer, when on a peddling expedition from Philadelphia to Boston, he drew from his pocket rolls of "God our Trust" patterns, and urged their purchase at wholesale, after sundry sets had been disposed of at one hundred dollars each to collectors of rare coins, with the assurance that only a *very few* had been struck, and that the dies were destroyed. Should, however, an investigation be ordered, it is to be hoped it will not be entrusted to that committee which requires 618 sets of the goloid coinage, costing nearly \$4,000 for metal alone, before it can decide whether to recommend the acceptance or rejection of the most stupid humbug and stupendous swindle that has lately been honored with official attention.

- 922 1803 Fine, barely circulated, *very rare*.  
923 1805 Very fine for this date, which is *rarer than any other of the half dimes except 1802*.  
924 1829 *Brilliant proof*.  
925 1830 Very fine.  
926 1831 Uncirculated.  
927 1832 Sharp impression; very fine.  
928 1833 Equally fine.
